To become better higher level dancers we have to dance phase IV and V figures well. Most of basic ballroom techniques are based on these figures with emphasis on the body mechanics of frame, contact, head position, stretch and sway and how they relate to rhythm while performing basic dance actions and figures. Curt and Tammy utilize the International Ballroom guidelines.

*For a list of other BOOT CAMP DVD's and (NEW) Instructional Dance videos produced by Marty Springer, go to the password protected site: dancewithcurtandtammy.jimdo.com. Contact Marty Springer at springerm@uwstout.edu for the password. The Instructional DVDs have a dance demonstration, a review of the dance, (broken down by cue sheet segments), and a cued audio track of the dance, with Curt and Tammy Worlock as instructors and produced by produced Marty Springer
